This year marks the 33rd Annual Forest Lake Area High School College Fair. It is sponsored by the Minnesota Association for College Admission Counseling. Each year, the event draws more than 1,000 students, parents, guardians and community members, making Forest Lake's College Fair one of the best-attended fairs in the state of Minnesota.

Representatives from more than 100 educational institutions are on hand to answer questions and provide information for post-high school planning. Structured like a trade show, attendees are encouraged to visit with representatives from schools, colleges and organizations that interest them. The event is designed to support our high school's mission of preparing all students for "college," where college is defined as any 4-year, 2-year or certificate-earning program.

The Career Fair adds an exciting component to the event - Businesses from a wide variety of career pathways are encouraged to participate. It is a unique opportunity for our students to learn about and network with local businesses. It helps students to connect post-secondary training to specific careers.
